

2 no. rooflights to be installed over Office/Vestry - hidden from view by parapet wall.

Proposed level path from existing public path to vestry door shown by dashed line. See separate drawing 1922/022

Existing gates removed and replaced with traditional solid timber doors with glazed fanlight above - to be held open when church is in use to allow views in through proposed glass door.

Rev A - Existing gates to be retained, and rehung within the arched opening behind the swing of the new doors.

Scale- 1:50
